WHAT'S THE DIFFERENCE? VS. A Helper, VS. a Nursing Home

	ACTIVE GLOBAL SPECIALISED CAREGIVER	LIVE-IN MAID	NURSING HOME
Caregiving Scope	Active Global Holistic Caregiving Plan	Mostly limited to basics	Caregiving scope varies Each caregiver has several patients to look after
Training	Extensive Training	Limited (if any)	Training standards vary across nursing homes
Support	Caregiving Consultants You can reach us 24/7 at 6536 0086	Limited Support	Professional 24/7 support
Respite Option	Part time caregiver can be arranged on the day off of your Live-In Caregiver	Typically no relief during day off or annual leave	Nursing homes provide a 24/7 solution
Cost	Higher salary (starting at S\$600) for the caregiver, who is highly skilled and motivated	Lower salary, sometimes lower motivation as a consequence	Cost often comparable or higher to having a Live-In Caregiver
Loan	We do NOT charge any fees to our caregivers ▶ No loan	Helpers are charged agency fees which they have to repay	Not Applicable
Visa Type	FDW Work Permit	FDW Work Permit	Not Applicable

FREQUENTLY ASKED QUESTIONS

What is the Qualification of your Caregivers?

- Our Specialised Caregivers are foreign Nurses (Diploma or Degree), Nurse Assistants, and Nursing Aids. They have relevant experience such as caring for Dementia Patients, Stroke Patients, Cancer patients, etc.
- Our Caregiving Consultants, who are local senior nurses themselves, will be able to advise you on which qualification / experience is required after they conduct their assessment of the patient.

Where are your Caregivers from?

- Our caregivers are from India, Sri Lanka, Myanmar, Indonesia, Philippines. However we usually advise our clients to make their choice mostly based on the specific skillset required for the patient, so country of origin is usually not a main factor in their final decision.
- Our caregivers speak English. Some of them may already understand and or speak simple Chinese or Malay. They are able to pick up local dialects when necessary.

How do you screen and select your caregivers?

- Our recruiters are Senior Nurses themselves. They carefully pre-select candidates based on education and experience. All short-listed candidates are thoroughly interviewed. Their technical skills, but also their service orientation, caring attitude and motivation are assessed.
- Our caregivers do not have to pay (either us or any middle-man) to get a job with Active Global. This means that we have no bias in recruiting, our sole criteria are skills and motivation.

How to engage a Specialised Caregiver from Active Global?

- Give us a call 24/7 at 6536 0086. We will schedule a home or hospital visit to conduct the assessment of the patient and get the process started. This visit is totally free of charges and of any obligations.
